BULLETIN NO. 1

February 4, 1926

Mount Arbor Nurseries

E. S. WELCH, President

SHENANDOAH, IOWA

We offer one of the largest and most complete lines of General Nursery stock in the United States. Everything offered is young, thrifty, well-grown stock, graded to the highest standard

FOR TERMS AND CONDITIONS
REFER TO FALL 1925 TRADE LIST

SPECIAL

A LARGE SUPPLY OF CLIMBING ROSES AND
PRIVET AMOOR RIVER NORTH

Order Early Before Assortment Becomes Broken

STORAGE—Our modern Storage Buildings are especially designed for handling Nursery Stock in the best possible manner, enabling us to get the stock to our customers in prime condition. You should consider this in buying.

SEND US YOUR LIST OF WANTS. We can often quote lower than our published rates.

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents average height of most varieties. Slow growing kinds will fall short of height specified as it is intended that **THE CALIPER SHALL GOVERN.**

ROOT GRAFTS

Our piece root grafts are made with a six inch scion and three and one-half inch root, the same style that we make largely for our own planting. For whole root grafts we use the entire seedling, either a straight or branched root as the customer may select.

Orders for grafts are made up special, and packed separately for each customer. They are repacked and inspected as often as necessary to insure their shipment in prime condition.

We get best results in our planting of grafts by plowing our land deep in the fall, and planting just as early in the spring as the condition of the soil will permit.

Owing to the perishable nature of grafts, early planting nearly always produces best results.

Any Style Grafts Made to Order

Prices quoted are for 100 and multiples of 100 of a variety.

FRENCH GROWN—Imported

Our stocks are imported direct from the best French growers of Fruit Tree and Rose Stocks. Our shipments are made direct to Shenandoah in refrigerator cars with heater service if weather is cold, enabling us to get stocks here in prime condition. We rarely have any injury from freezing, on account of the manner in which the shipments are handled.
